RECOMMENDATION:

It is recommended that the City Council accept the sidewalk and handicap access ramp improvements along the north side of Van Leuven Street west of Curtis Street and authorize staff to submit the Local Transportation Fund – Article 3 claim form in the amount of \$36,100 to SANBAG for reimbursement purposes.

BACKGROUND:

The City of Loma Linda applied to SANBAG for a Local Transportation Fund – Article 3 grant to improve pedestrian access to mass transit stops. The City was awarded a \$36,100 reimbursement grant for the 2002-2003 cycle. These funds must be claimed prior to July 30, 2003. This work has been completed as part of the City Council approved contract with All American Asphalt for the improvement of Van Leuven Street. In order to satisfy the requirements of the grant, the City must approve and accept the improvements then apply for the reimbursement. The widening and paving portion of the contract will be completed and request for acceptance made at the next council meeting.

FINANCIAL IMPACT:

The funds received will reimburse the General Fund account used for the project.
